Final Product:

Materials Needed:

- Printer Paper
- Optional:
- Tape
- Scissors

1

Fold the top right corner to the lower left side making a right angled triangle.

2

Take the top left corner and fold it to the lower right side making a smaller triangle.

3

Fold the corners of the remaining rectangle in to make two small triangles.

4

Fold the bottom rectangle up on top of the larger triangle. These should align.

5

Fold the right edge into the center of the triangle.

6

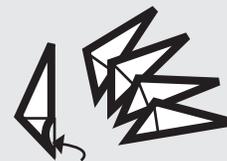

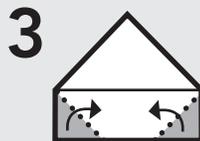

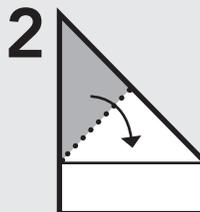

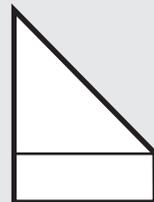

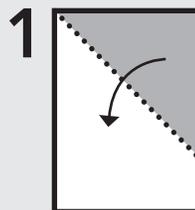

Fold the piece you just folded again.

7

Tuck the extra into remaining pocket. Boom! You now have a claw! Make enough for each hand.
